October art sale to benefit Library Foundation

During October, longtime Art Council member Marian Goodman will exhibit watercolors from the 1950s-1990s, in three categories: Central Park Playgrounds, Long Island Fishermen and the Scottish Highlands.

“This exhibit differs from others in our galleries in that all proceeds from sales of the paintings will be donated to the Port Washington Library Foundation,” explains Library Director Nancy Curtin. “One of Marian’s interests with this generous contribution is to ensure that the library is able to provide access for those with impaired eyesight.”

See next month’s issue for additional information.

The Foundation solicits, receives and manages bequests and endowments, providing funds to enhance library services at no cost to taxpayers. In the Photography Gallery

Lauren Camarata: Photographs

Lauren Camarata will exhibit her photographs September 6 through October 31. Meet the artist at a reception on Saturday, September 15 at 2 p.m.

Photographer Lauren Camarata writes, “I am particularly drawn to extraordinary, unusual or beautiful details in otherwise ordinary, everyday spaces. This series is a product of my quest to understand how the aesthetics of functional and abandoned American landscapes affects our psychology on a subconscious level, and how the meaning and feeling of spaces change with the time of day, lighting and the presence of people, or lack thereof. My original attraction to night photography was the excitement and challenge in capturing the color interplay of artificial light in an environment completely devoid of sunlight.”

Long Island native Lauren Camarata received her BFA in Photography from SUNY New Paltz. She currently lives in Brooklyn, where in addition to photography she is pursuing recording projects, sound collage and circuit building. Lauren was a 2006 recipient of the SOS NYFA grant and has exhibited her work in galleries both on Long Island and upstate. Lauren freelances for Luminary Publishing, a Hudson-Valley based company.

**Music Council opens 2007-08 season**

Port artist Gloria Cunnick will exhibit two of her art series in the Main Gallery September 4 through 30.

One series finds the artist interested in the transformation of found and manufactured objects into art. The components are utilitarian, but divorced from their original function.

The second series highlights a 2000-year-old process called encaustic, a word from the Greek meaning to “burn in.” Encaustic is wax and resin mixed with color. The mixture is melted to permit application to a stable support, and then remelted on the support to complete the painting.

Ms. Cunnick has received many awards, and is a member of Port Washington’s Graphic Eye Gallery. Her works are in the permanent collections of several museums and many private collections. She has exhibited throughout the United States, in Italy and Greece.

The Art Advisory Council hosts a reception for Ms. Cunnick on Saturday, September 8 from 2 to 4 p.m.

The War

A seven-part documentary directed and produced by Ken Burns and Lynn Novick, The War tells the story of the Second World War through the personal accounts of a handful of men and women from four quintessentially-American towns. The series explores the most intimate human dimensions of the greatest cataclysm in history - a worldwide catastrophe that touched the lives of every family on every street in every town in America — and demonstrates that in extraordinary times, there are no ordinary lives.

The War will be shown on WNET/13 and WLIW/21 beginning Sunday, September 23. Consult your station guide for specific times.

We invite you to watch the series at home and discuss it at a gathering facilitated by Martin Vogel on Thursday, October 4 at 7 p.m. If you would like to share your experiences of World War II, whether at home or in the armed services, no matter what age you were at the time, we will be videotaping brief interviews following the discussion for possible posting on the WNET & WLIW websites.

The Friends of the Library will provide light refreshments.

Our glorious garden!

One of the highlights of our building is the garden located on the terrace just outside the Reading Room. The Rhea Slade Memorial Garden is named for Rhea Slade, thanks to a generous contribution to the library by Ed and Dot Slade. Rhea was Ed Slade’s mother.

Visitors to the library enjoy our glorious view of Manhasset Bay, and can also take pleasure in the colorful and fragrant garden while reading and relaxing. This summer, our teen book discussion Group took advantage of the space with Teen Books on the Terrace.
