"All Together Now!" Adult Summer Programs

Whether it's learning about the history of Long Island's roadways or celebrating the themes of togetherness and unity, these summer programs promise to entertain, educate, and perhaps even bring us all a little closer.

Sandwiched In with Eco-Photo Explorers – Route 25A: Long Island's Country Road Friday, July 7 at 12:00 p.m. • Hybrid

Route 25A runs from the very western part of Long Island in Queens all the way to its terminus in Calverton. Eco-Photo Explorers will explore the historic past of Route 25A and examine its special place in the lives of all Long Islanders through photographs and stories. Join us for a fast-paced tour of Long Island's Country Road and learn how it has contributed to the history and culture of Long Island.

Sandwiched In with Tony Traguado – The Beatles Bring Us "All Together Now" Friday, July 28 at 12:00 p.m.

The spirit of fun, unity, and love contained within the music of the Beatles were reflected beautifully in some of the animated projects that were developed around the group. In this multimedia program, Tony Traguado shares some adventures of the cartoon Beatles, who appeared in their own TV series from 1965-1967. We'll also join the animated Fab Four on a trip in a yellow submarine as they set out to help the peaceful, music-loving inhabitants of Pepperland win out against the Blue Meanies.

Sandwiched In with Tony Traguado – Together Tunes! Friday, August 4 at 12:00 p.m.

From the Carpenters to the Beatles to Sly and the Family Stone, musicians and artists of the pop music era have hit the charts and filled radio playlists with songs of unity. Join Tony Traguado as he offers up a collection of songs from the past six decades that were written or performed with the idea of bringing us "all together now."

Sandwiched In with Eco-Photo Explorers – Route 25: Long Island's Route 66 Friday, August 18 at 12:00 p.m. • Hybrid

Route 25 stretches from the very western part of Manhattan to the eastern tip of Long Island's North Fork with one common purpose: to stitch together the communities of Long Island and to provide a direct route for commerce and town identity. Eco-Photo Explorers will explore the historical past of Route 25 and examine its unique place in the lives of all Long Islanders through photographs and stories. Join us for a fast-paced tour of our own "Route 66."

Thursday, August 10 at 7:30 p.m.
Lapham Meeting Room**

Brothers Billy and Steven "Muddy" Roues with longtime friends Gary Solomon and Ed Steinberg formed a musical alliance and created the Roues Brothers. The four musicians are music business veterans, each having crossed paths with musical greats such as B.B. King, John Lee Hooker, Bo Diddley, Howlin' Wolf, and many more. The Roues Brothers can be heard worldwide online, in movie and television soundtracks, and on many recordings. Their well-crafted, unique original material has led to a sound that they call RouesRock: a blend of blues-rock, roots rock, alt-folk, and country and other influences they picked up from their experience as musical journeymen.
