Meet Jennifer Egan, Author of *Manhattan Beach*
Tuesday, October 23 from 7:30-9 p.m.

NEW YORK TIMES BESTSELLER • NEW YORK'S "ONE BOOK, ONE NEW YORK" PICK
Winner of the Andrew Carnegie Medal for Excellence in Fiction
Named One of the Best Books of the Year by NPR, Esquire, Vogue, The Washington Post, The Guardian, USA TODAY, Time • A New York Times Notable Book

Jennifer Egan is perhaps best known for her Pulitzer Prize winning novel, *A Visit from the Goon Squad*. In *Manhattan Beach* Egan presents her first historical novel.

"We're going to see the sea"

Anna Kerrigan, nearly twelve years old, accompanies her father to visit Dexter Styles, a man who, she gleans, is crucial to the survival of her father and her family. She is mesmerized by the sea beyond the house and by some charged mystery between the two men.

Years later, her father has disappeared and the country is at war. Anna works at the Brooklyn Naval Yard, where women are allowed to hold jobs that once belonged to men, now soldiers abroad. She becomes the first female diver, the most dangerous and exclusive of occupations, repairing the ships that will help America win the war. One evening at a nightclub, she meets Dexter Styles again, and begins to understand the complexity of her father's life, and the reasons he might have vanished.

With the atmosphere of a noir thriller, Egan's first historical novel follows Anna and Styles into a world populated by gangsters, sailors, divers, bankers, and union men. *Manhattan Beach* is a deft, dazzling, propulsive exploration of a transformative moment in the lives and identities of women and men, of America and the world.

The New York Times said *Manhattan Beach* is "a novel that deserves to join the canon of New York stories" and National Public Radio proclaimed that *Manhattan Beach* is "a gorgeous tribute to NYC and its seaport."

In addition to receiving the Pulitzer Prize for Fiction, Egan is also the recipient of the National Endowment for the Arts Fellowship, Guggenheim Fellowship, and the National Book Critics Circle Award. As of February 2018, Egan is the President of the PEN America Center. She lives in Brooklyn with her husband and two sons.

Meet Ken Langone, Author of "I Love Capitalism!"
Saturday, October 27, 2-4 p.m.

New York Times bestseller, iconoclastic entrepreneur, and Sands Point resident Ken Langone tells the compelling story of how a poor boy from Long Island became one of America's most successful businessmen.

Ken Langone has seen it all on his way to a net worth beyond his wildest dreams. A pillar of corporate America for decades, he's a co-founder of Home Depot, a former director of the New York Stock Exchange, and a world-class philanthropist (including \$200 million for NYU's Langone Health). In this memoir, *I Love Capitalism!* he finally tells the story of his unlikely rise and controversial career. It's also a passionate defense of the American Dream — of preserving a country in which any hungry kid can reach the maximum potential of his or her talents and work ethic.

In a series of fascinating stories, Langone shows how he struggled to get an education, break into Wall Street, and scramble for an MBA at night while competing with privileged competitors by day. He shares how he learned how to evaluate what a business is worth and apply his street smarts to 8-figure and 9-figure deals.

His ultimate theme is that free enterprise is the key to giving everyone a leg up. As he writes, "This book is my love song to capitalism. Capitalism works! And I'm living proof — it works for everybody. Absolutely anybody is entitled to dream big, and absolutely everybody should dream big. I did."

This event is hosted by the Port Washington Public Library and co-sponsored by the Library's Career & Personal Finance Center and The Dolphin Bookshop. Books will be available for purchase and signing at the event. For more information call Dolphin at 516-767-2650 or contact the Library.

**Turning Decay into Art Photography
Wednesday, October 10 at 7:30 p.m.**

The Photography Club of Long Island will feature award winning photographer Paul Mele and his presentation "Within the Remains" at the Port Washington Public Library. Mele's photographs often illustrate time's way of imposing its will on all things and the wreckage it leaves behind. In the course of his presentation Paul will share how he shoots in places that can be challenging with the lighting often stops apart, the grounds unsafe, and the air toxic. He will also discuss how he achieves his final vision through special editing and printing processes.

For over two years exhibitions of his *Within the Remains* and *Return to Desolation* have been part of an ongoing passion. Of his work Mele says, "Ever since I can remember, I have always had a fascination with places and objects that were ravaged by time or reclaimed by nature. I find beauty in decay and sadness in neglect."

Paul Mele is a fotofoto Gallery and Soho Photo Gallery artist who lives and works on LI. In recent years he has exhibited in the area including at the Heckscher Museum of Art in Huntington and the Art League of Long Island in Dix Hills.

The Photography Club of Long Island, formerly known as the Port Washington Camera Club, was founded in 1975 and hosts free monthly programs at the Port Washington Public Library as a community service from September through June each year. Music Advisory Council Welcomes Gail Nelson and Friends Sunday, October 21 at 3 p.m.

Gail Nelson offers a diverse performance history from stage, concerts, film and symphony with a little fun on the side. Her connections reach back to Cab Calloway, Charles Strouse, Ginger Rogers, Eubie Blake, the Gershwin brothers and Mitch Miller, and influence her choices of the songs she sings and the stories she tells. Gail has performed three times at Carnegie Hall, most recently a sold out tribute

to the Nicholas Brothers, and the Montreal Bach Festival. She continues to perform in popular song revues. This concert pays tribute to the late Dillwyn "Dill" Jones, a renowned jazz

pianist who lived the last years of his life in Port Washington. Dill Jones was one of the leading figures in London jazz circles prior to his coming to the United States in 1961, and is remembered for his considerable abilities as a performer of the "Harlem Stride Piano School" of jazz. He worked with many of the leading British and American musicians, and a list of his associates reads like a "Who's Who" of jazz — Eddie Condon, Gene Krupa, Roy Eldridge, Jimmy McPartland, Tony Parenti, Max Kaminsky, Ruby Braff, Bob Wilbur, Earle Warren, the Dukes of Dixieland, the Lawson-Haggart World's Greatest Jazz Band, and many, many others. As a recording artist, Dill was both a soloist and a sideman, gracing each recording with his subtle accompaniments and exciting and innovative solos.
