PUBLIC LIBRARIES SERVE THE COMMUNITY

The quality of that service depends on the Library Director who oversees and manages the day-to-day operation of the library and the Board of Trustees who develop policy and provide fiscal oversight which is critical to the life and direction of the library. Working together, the Library Director and Board of Trustees will have a positive impact on the communities they serve.

To become a library trustee is to become a community leader. A library trustee holds a position of trust to represent the best interest of the community. As a trustee, you have direct influence in guiding and determining present and future decisions for the library. Through responsible policymaking, you will set the course for operational procedures that focus on excellent customer service and organization effectiveness, as well as efficiency.

A library trustee works with the other trustees on the board and with the Library Director to make the best fiscal decisions for the library. It is also the responsibility of the full board to hire and evaluate the library director. Trustees must see that the Board and the Library comply with all applicable laws and regulations.
